Welcome home

If you've ever strolled through one of our stores, or lingered on our website, and wondered how all the parts come together to create the magic that is a Neptune space, then let us introduce you to our directory. A compendium of everything we do, clearly organised by room and function, with every size and style option easy to identify.

Because choice is wonderful, but too much choice is, well, too much. So welcome to the Neptune edit. A source of inspiration and action. Your trusty handbook and a faithful reference point.

Let the directory be your next step towards creating your happy home.

We're optimists. Relentless ones. At Neptune, we fundamentally believe that things can always be better. That's our starting point. In everything that we do, from how we design a table to how we approach our delivery service, if there's a way to improve things for you, rest assured we'll do it. We'll never be different for the sake of saying so. But we'll always go against the grain if it's going to make your life better.

That mindset of challenging convention and looking at things differently also means that we're often reviewing things we've done, and re-assessing whether they're still good enough. We make time to have fresh ideas and we make room to put them into action. It can feel like we're never satisfied, but in a good way, because we're seeking a better version of better. For you. Another adventure always awaits.

Take our first dining chair as an example. We didn't just follow the tried and tested path of chair design. We reconsidered every single joint, every single aspect, every single inch to balance comfort, support and stability. These aren't just places you're going to sit down, but rather, places to spend time in, eating, reading, socialising – it's an important distinction.

When we grew and decided to start crafting our designs overseas, we did it our way. We knew there was a better approach for our brand, so we built our own production house that makes our designs alone. Neptune things made by Neptune people.

When we decided to open our own stores, we said we'd open homes rather than shops. The traditional retail model just didn't feel like us, so we take years finding the perfect spots, we pour our heart and soul into designing them, so you'll feel perfectly at home, instantly. And we agreed they'd be places to enjoy spending time in, so you won't feel like you're pressured to 'shop', but instead, encouraged to just 'be'.

The reason we're telling you this is because we want you to know about the things you can't necessarily see – our hidden depths. All things Neptune have been considered from every which point of view. We'll never accept 'the done way'; we do what we think (and what we think you'll think) is best. We have our own lens through which we see the world. These are the things that really tell you who we are.

We're Neptune

We do what we do because we believe our designs can make your life that little bit happier, easier and better.

We do that with honesty, rigour and kindness, using the best materials, the most trustworthy of techniques, surrounded by people who genuinely care about creating things that are timeless. And we always lead with heart.

We're a British-born and raised interiors and lifestyle brand who design and make furniture, lighting and accessories for your whole home.

It's a pleasure to meet you.

Our design services

Whether it's the designs in our collection (whose fabric and paint colour are yours for choosing) or the design services that you can make the most of, our approach is always about creating interiors that are timeless and entirely tailored to you and your home.

You can find design inspiration simply by walking around our stores or by reading the articles on our journal, or, you can go one step further and have your home designed by our specialists...

Kitchen design

If you're thinking of investing in a new kitchen, our designers will work with you on a one to one basis. First, you'll come in to have a free design consultation, which will last ninety minutes or so. After that, you'll get to go through our in-depth and expert full design service. This is the part where rough ideas and outlines become your fully formed vision and where your kitchen really starts to come to life. And with installation from our expert team, you'll also have the peace of mind of our lifetime guarantee.

You'll find our kitchen designers in every one of our stores. Just speak to your nearest to get the conversation going.

Home design

When it comes to redecorating your home's other spaces – be it one room, two rooms or ten – we've got all of the tools you'll need in one place.

Our Home Design Service is an easier, less overwhelming way to bring interior design into your home. You'll have breadth of choice, but not a daunting amount. You'll have the timeless Neptune look, but tailored to your home and your vision. And just like our kitchens, you'll have one of our expert designers doing all of the hard work for you.

Also like our kitchens, you'll find our home designers in each of our own stores.

Colour consultancy

Our Colour Consultancy Service focuses purely on paint. Our expert consultants will help you to establish a cohesive palette for your home, making interior decorating a little less overwhelming. They will visit your property and consider factors like architecture, lighting and furnishings – as well as your vision for the space – when making their proposals. Afterwards, you'll receive a folder of swatches detailing each shade, as well as technical information like the paint finishes, areas of application and quantities required.

Book an appointment by visiting or calling your local store, or on our website.

Curtains, blinds & fitted carpets

You don't need to work with one of our designers to make the most of our other home services: made to measure curtains and blinds, and fitted natural carpets (the latter available in UK stores only). Simply pop into your local store and speak to one of the team. They'll also be able to help with designing and organising installation of our fitted and freestanding furniture collections, like Pembroke, Buckland and Chawton.

In the meantime, you can also find out more about our curtains and blinds online.

LIVING

As we continue to blur the boundaries between different rooms of the home, what we mean by 'living space' is increasingly fluid. It's more important than ever to carve out corners for curling up with a good book or catching up on a new documentary. From stools that can also be coffee tables, to classic sofas that hide a bed within, our living collection is for homes that don't want to compromise on beauty or utility.

Tailored service

The foundations of every upholstered piece we make are the same: solid timber, tried and tested joinery, and comfortable yet durable fillings. It's the fabric that makes each sofa or footstool feel uniquely beautiful. Our curated collection of wools, linens and velvets allows you to customise our furniture to suit your home.

 You will see this symbol next to all tailored pieces available in a custom fabric.

All our upholstery is available in a standard fabric and leg finish.

If your configuration includes drawers, you can choose a handle design and finish in store. There's also the option to add a pair of our wall lights for subtle shelf lighting. Skirting and cornicing are fitted during installation.

All Buckland benches feature a painted timber frame and a solid oak top, with tongue-and-groove end panels and the option to add drawers and baskets. Your local store will be able to recommend the right Buckland bench configuration for you. They can also advise on the finishing touches like paint colour and handles and arrange for professional installation.

BARRINGTON

Barrington is hand-crafted in Yorkshire using the finest natural fillings, for a mattress that's breathable, comfortable, and kind to the environment. The design includes a traditional quilted cover handwoven from wool and viscose, as well as side-stitching and a cotton piped border.

Design details

Filled with wool, cotton, hemp, flax and mohair.

100% recyclable.

Pocket springs and high-density micro springs.

Two handles on each side for turning.

Wool, cotton, hemp, flax and mohair: Barrington contains all-natural fillings. Not only is this the most sustainable approach, but natural fibres are also the most effective temperature-regulating feature you can have. They keep the mattress breathable and wick moisture away.

Pocket springs: Each of these springs is housed individually in its own 'pocket.' This design ensures the best support and means you won't feel movements on the other side of the bed. These springs are bonded together using heat, rather than glue, keeping this mattress fully recyclable.

High-definition springs: These micro springs are layered with the pocket springs, contributing to your overall comfort by supporting lighter parts of the body and releasing pressure.

HIGHCLERE

Highclere is made in Britain by Vispring; pioneers in luxuriously comfortable mattresses. Its tufted damask cover and hand side-stitching mean it looks just as good as it feels, too. Choose from the standard mattress or innovative solutions for couples.

Design details

- Filled with wool, cotton and horsehair.
- Hand-nested calico pocket springs.
- Air vents for ventilation.
- Two handles on each side for turning.

Layered British wool and cotton: to keep you cool and comfortable in summer and pleasantly warm in winter.

Horsehair: a supportive and durable layer that's insulating and moisture wicking.

Bonded British wool and cotton: by bonding wool and cotton with a corn-based material, they're made even more elastic to respond to the flex of the pocket springs.

Pocket springs: made from Vanadium steel, they mould to your shape, bounce back when you get up, and dampen movement from the other side of the bed.

And three more layers of: bonded British wool and cotton; horsehair; layered British wool and cotton.

Dual tension and zip & link

These mattresses are designed with couples in mind, ensuring no one compromises on a good night's sleep. The dual tension design contains two different levels of tension within one seamless mattress.

Zip & link, which is available in super king only, is two single mattresses securely joined by a zip down the centre. Each mattress has its own tension and the two can be separated or joined together. This way, you can choose your own tension and won't feel your partner moving around.

Dual tension mattresses cost the same as single tension ones, while the zip & link super king costs £4,380. For more details, visit us online or in store.

DECORATING, COLOURS & FABRICS

We take a cohesive approach to interiors. When it comes to creating a beautiful and relaxing space, details like paint colours and tiles provide the all-important backdrop for furniture and accessories. This section guides you through our paint and fabric collections, as well as our wall and floor coverings and IsoGuard® finish.

Paint

Developing our own paint was a natural step for us. It allowed us to curate seven colour palettes which offer a spectrum of choice without feeling overwhelming. It also means we can ensure the very best quality and results.

Working closely with our expert British supplier, our eggshell and emulsion paints are all water-based and very low in VOCs (Volatile Organic Compounds). Each paint comes in a sample pot and tins of 2.5L or 5L.

The same eggshell paint is used to customise our timber furniture. Our paint service is a versatile tool for tailoring our furniture to suit your home, while the ability to repaint it in years to come ensures longevity.

 You will see this symbol next to all painted furniture with a customisable finish.

This season in colour

Meet Orkney White, the latest seasonal shade to join our paint collection. Inspired by the soft white sands of its island namesake, this creamy hue has slight yellow undertones which bring a subtle warmth to a room scheme.

Drenched across walls and ceilings, Orkney White is the perfect backdrop to a space layered with pattern, texture and colours and creates a bold contrast with stronger accent shades.

It pairs beautifully with complementary colours like Alpine and Sage. It's rooted by darker shades of Constable Green and Walnut and heightened by the occasional ping of hot red Paprika and yellowy-orange Saffron.

Orkney White

Our paints are absolutely always water-based. High-performing, low in chemicals and practically odour-free, they're a far better option for our homes, the environment and our own health. It also means that brushes need only a simple rinse with water.

It's worth noting that the colours shown here are a close representation of their true shades, but to see the real thing, we suggest trying our sample paint pots.

Matt emulsion

Finish: deep in tone and matt. Best suited for previously painted walls, wallpapered walls, lining paper ceilings and newly plastered walls.

125ml sample pot £5 / 2.5l £48 / 5l £80

Eggshell

Finish: up to 22% sheen and durable. Suitable for wooden doors, furniture, trim, skirting, cornicing and walls.

Timber care with IsoGuard®

IsoGuard® is a wood finishing oil – but not as you know it. All our interior solid oak furniture and kitchen cabinetry comes pre-treated with interior IsoGuard®, while our teak garden furniture is finished with the exterior version.

The revolutionary formula penetrates below the surface of the timber, bonding with it at a cellular level. It creates an extremely effective barrier against stains and spills without masking the natural beauty of the timber.

It contains linseed oil, a natural food safe ingredient that protects the timber against damage. Linseed oil can darken the appearance of oak, so we add a pigment to correct this.

Interior finishes

The interior IsoGuard® comes in four finishes which lend individual character to our different furniture collections.

Natural Oak

This is an authentic reflection of white oak in its natural state. The added pigment simply reverses the darkening effect of the linseed oil to restore the original colour.

Seasoned Oak

Seasoned Oak has a lighter hue than Natural Oak, which highlights the contrasting wood grain. It's designed to emulate the subtly silvered patina oak naturally develops with age.

Chalked Oak

The palest of our IsoGuard® finishes, Chalked Oak lends our oak a limewashed look. The result is light and contemporary, blending in seamlessly with other materials and colours in the home.

Darkened Oak

This finish gives our oak furniture a rich heritage appearance that's inspired by antique furniture. That's not to say it's just for traditional properties; this finish brings striking depth to contemporary settings too.

Fabric by the metre

We have curated a fabric collection that allows you to explore and experiment, confident in the knowledge that we work with the very best British and European manufacturers.

We can't relax and enjoy our homes if we are worrying about damaging upholstery or soft furnishings, so choosing the right material for the right purpose is especially important here.

Our collection spans hard-wearing wool and cotton fabrics, as well as delicate sheer and pure linens. All are quality and performance tested so we know exactly how they will behave in your home and how best to care for them.

A note on Martindale

A Martindale score is the amount of rubs an upholstery fabric can take before it begins to show signs of wear and tear. We split the results of these tests into scores that relate to two categories: 'everyday use' and 'heavy duty'.

Fabrics that are suitable for everyday use sit between 20,000 to 25,000 and are ideal for general upholstery in the home like armchairs and sofas.

The heavy duty fabrics sit between 25,000 to 100,000. The higher the score, the better it will cope in high-traffic areas of the home. Any fabric in this category is also an excellent choice for families with children and pets.

Fermoie

This season we're continuing to work with Fermoie, to showcase the fabrics of this iconic British designer and maker of fine textiles on some of our favourite Neptune designs.

Based just a few miles from us in Wiltshire, Fermoie shares our commitment to creating timeless designs that are easy to live with, and an unwavering dedication to providing quality products and service.

The capsule collection includes upholstery and cushions in Carskley Stripe and Cove made from 100% linen and Shell Grotto in 100% cotton. The gathered lampshades are in Rabanna and Wicker – sheer cottons and linens that softly diffuse light.

Walls & floors

Strong engineered oak and spruce shiplap boarding. Rustic terracotta tiles with a glossy glaze and cool, clean-cut marble tiles. Our diverse wall and floor coverings inject character into the home, weaving a tale of tone and texture for you to build upon.

BARBURY

The terracotta Barbury wall tiles are handmade by skilled Spanish artisans using traditional methods. Each is then finished by hand in Wiltshire with a crackle glaze, so no two are exactly the same.

Whether you use these tiles across a whole wall or just for a splashback, Barbury adds gently time-worn character to a room.

These tiles must be used with our Crackle Glaze Sealant to protect against water, oil, grease and limescale.
